Dear Member, Re: Digitization Project

The Genealogical Society of Victoria Inc. (GSV) is focused on providing a better service to our members taking advantage of digital technology. To this end we are planning to scan some 348 bound copies of Family Histories donated to the Society over many years. Once scanned the digital copies will be available for GSV members 'access' only under the usual [copyright restrictions](http://www.copyright.org.au/). (<http://www.copyright.org.au/>)

We therefore write to seek permission to digitize these publications. Here is a link to a list of these [Family Histories](https://gsv.org.au/activities/copyright-permissions-required.html) held at the Society's Library for your perusal?
<https://gsv.org.au/activities/copyright-permissions-required.html>

Alternatively if you do not control Copyright but know of the Copyright Holder we would appreciate any information you can provide about others to whom we should contact including most recent address if available. Also if you have any objections to the digitization of the publication please advise The Genealogical Society of Victoria either by email projects@gsv.org.au or telephone (03) 9662 4455.

Thank you for your cooperation. We would appreciate a response by the 8 January 2018.

Yours Sincerely
President GSV
David Down

PERMISSION GRANTED:

Title:
